

JIRcohorte Winterschool

Virtual Advanced course on **Vasculitis**

12 - 13 March 2021

Online

Preliminary program

Dear Colleagues,

The JIRcohorte team is welcoming you at the fifth **Winter School on Vasculitis**.

The event will be accessible **online from all around the world**. Physicians can connect to the sessions by them self or gather in small groups in their local hospital.

The different topics will be presented through state-of-the-art lectures and case analysis. Digital tools will be used to make the sessions interactive and allow participants to interact with the speakers.

This unique event is designed to improve skills in diagnosing and treating patients with vasculitis. Well known physicians from all around the world will assure a premium scientific level.

We hope to see you online next March

Best regards

Organizing committee

Yan Guex-Crosier, Lausanne, Switzerland

Technical features

The sessions are broadcasted through “Zoom”. A session code and password will be sent to all participants the week before the event. We recommend connecting to Zoom through a computer and not a mobile phone.

The voting app “mentimeter” is used to interact between the participants and speakers. A link, which can be entered on the mobile phone’s browser will be given at the beginning of every session.
